

Substance Use Disorder Treatment for People with Physical and Cognitive Disabilities, 2012, 156 pages, Substance Abuse and Mental Health Service, Center for Substance Abuse Treatment (U.S.), Center for Substance Abuse Treatment (U, 0160915139, 9780160915130, U.S. Government Printing Office, 2012

This TIP, Substance Use Disorder Treatment for People With Physical and Cognitive Disabilities, is intended to enhance treatment providers' knowledge concerning people who have a physical or cognitive disability in addition to their substance use disorder. Treatment programs for substance use disorders already see many individuals with coexisting disabilities, but many providers fail to accommodate these individuals either because they are unaware of the disability or how accommodations can improve treatment outcomes (even though such accommodations are legally mandated). The first chapter defines and explains the issues involved in treating people with coexisting disabilities. Chapter 2 discusses how to screen for coexisting disabilities and how to adapt substance use disorder screenings for clients who have a disability. Chapter 3 discusses treatment planning and counseling; it also describes how treatment can be modified to meet the particular needs of people with coexisting disabilities. Forming linkages with other service providers is the topic of Chapter 4, and Chapter 5 presents material for program administrators. In Appendix B, there is a comprehensive list of resources. Appendix C discusses the proper language to use when referring to people with disabilities. Alcohol and Drug Programs and the Americans With Disabilities Act, a pamphlet from the Pacific Research and Training Alliance, is reproduced in Appendix D.
